

News Literacy Project news reports and videos

News reports about NLP

- Jan. 12, 2018: A column in [The Boston Globe](#) contending that young people are leading the charge in the fight against “fake news” and featuring two educators who have registered to use NLP’s **checkology**® virtual classroom.
- June 7, 2017: A report in [Wired](#) on a Pennsylvania classroom that uses the **checkology**® virtual classroom.
- Jan. 23, 2017: An interview on NPR’s [The 1A](#) with NLP’s Alan C. Miller, CNN’s Brian Stelter and The Washington Post’s Margaret Sullivan discussing “fake news” and what can be done about it.
- Dec. 22, 2016: A report on [NPR’s All Things Considered](#) on “The Classroom Where Fake News Fails.” (This report led to a 350 percent increase in registrations for the virtual classroom in the two weeks after it was broadcast.)

Profile of NLP founder Alan C. Miller

- [Bethesda magazine](#), July-August 2017 issue.

Videos

- February 2018: NLP’s [10-year anniversary video](#)
- January 2018: A [Quartz video](#) about a New York City school where students are learning to discern fact from fiction using NLP’s **checkology**® virtual classroom went viral on social media.
- October 2017: [“How Students Learned to Tell Fact From Falsehoods”](#): a video in which three Virginia high school students share what they learned from NLP at an NLP reception in Washington, D.C.
